

Fundraising Events Continue

Paul Gale and Janet Price (grandparents of Ryan Gale) continue their goal to raise monies for ML4 research. Paul and Janet and many supporters have committed themselves to fundraisers that have raised tens of thousands dollars that have gone towards the furtherance of ML4 research over the past few years.

This past year as well as last year, ML4 was included as one of the organizations that would be sponsored by the Family Farm Fest (see right). We are

hoping that other families will get involved and will raise funds in their area. We are at a critical time in our funding as the mouse model becomes a reality, possible options to treat might follow thereafter.

Other families involved in fundraising events have been the Helmrichs (PA), Karoboniks (AZ), and the NY/NJ chapters of the Foundation. Please do not hesitate to call for support or suggestions in running an event.
